28. Land & Ranch Realty
29. **Hondo National Bank - Tri-Canyon Branch**

WATER SAFETY TIPS

- To ensure your safety, please:**
- Use personal flotation devices (life vests) for children and weak swimmers - recommended at all times.
 - Do not put children in river expecting them to come back—the river only flows 1 way!
 - Keep the river safe by not using glass containers.
 - Always be respectful of private property (the banks) and stay in the river.
 - Stay away from the intake side of drain pipes.
 - Use coolers that have a locking system to prevent spillage.
 - Check water depth before diving.
 - Do not tie a cooler to your legs, arms or tubes to prevent entanglement.
 - Use the free "1 2 U" litter bags for your trash as you float the river - available at businesses, resorts and outfitters.
 - Check with a river outfitter before entering the water - water conditions can change daily.

Thank you for choosing the beautiful Frio Canyon as your vacation destination.
